## Monthly Report

Hello,

This form is to be used to help you organize your monthly report and is only to be used after you have already completed the **Yearly Report**. The **Monthly Report** is to serve as a progress report and to share special prayer requests. In addition to your monthly reports you are also welcome to share special events that will be taking place in the near future, or anything else you would like to share with the other NDCM branches or added to your web page. Also if there is information on your branch's page that is out of date and needs to be updated please send those updates as well. Always be sure to include the reason you are sending the info you are and what you would like it to be used for.

**Your report should start with an introduction that includes the title of the branch you are sharing the report in for.**

As you prepare to send your report pray and seek the Lord's leadership in to what it is he wants you to share. We will share your reports with all of the branches of NDCM. Some reports will be featured in the NDCM newsletters. If you have any questions please send them to [leaders@newdaycm.org](mailto:leaders@newdaycm.org).
